

Cold Pressed

## Strawberry Seed Oil, Cold Pressed

VEGAN

CRUELTY-FREE

ZERO WASTE

Cold-pressed strawberry seed oil is extracted from the seeds of strawberries, to create this Omega enriched fruit oil. This particular oil was the one that inspired us to build our fruit seed range, its popularity has surpassed our expectations & inspired us to continue developing our fruit seed oil range. The seeds are a by-product of the fruit juice industry, so no waste. We collect the seeds (a lot of them!) & then press away, this completely natural cold pressing method delivers a stunningly fresh, light fruity aromatic oil. As for the inherent benefits, just like our wide range of natural fruit seed oils, full of antioxidants, essential fatty acids. Widely used in skin care for this very reason & of course the marketing benefits of a 100% naturally produced oil, utilising a raw material that would otherwise be disposed of. Unique, different, versatile, functional

### Extraction process

Cold-pressed extraction is a method used to extract natural oils from various plant-based sources. It involves applying mechanical pressure to the source material without the use of heat or chemicals, resulting in a pure and unrefined oil.

## Skin Benefits

Strawberry seed oil is rich in essential fatty acids and antioxidants, which help moisturise and nourish the skin. It provides protection, softening, and promotes a healthy complexion.

## Functionality

### Anti-Aging

Packed with antioxidants, it helps fight free radicals and reduce the signs of ageing. It promotes the production of collagen, improving skin elasticity and firmness, and diminishing the appearance of fine lines and wrinkles.

### Easily-Absorbed

Quickly absorbs into the skin without leaving a greasy residue. Lightweight and ensures fast penetration, delivering essential nutrients and hydration for a smooth and nourished complexion.

### Moisturising & Hydrating

Deeply moisturising, helping to hydrate and nourish the skin and hair. It forms a protective barrier, preventing moisture loss and leaving the skin and hair feeling soft and supple.

## Hair Benefits

Strawberry seed oil can be used in hair care products to moisturise and nourish the hair and scalp, promoting healthier-looking hair.

### Anti-Inflammatory

Powerful anti-inflammatory properties help soothe and calm irritated skin, reducing redness and inflammation, whilst providing relief from discomfort and promoting a balanced complexion for healthier-looking skin.

### Emollient

Softens and smooths the skin, creating a protective barrier that locks in moisture. It is particularly beneficial for dry, rough, and chapped skin, providing deep hydration and improving the skin's texture.
